Course Directors

Annalise Ellis, MHA
Course Director
Director of Faculty Affairs and Student Records

Annalise Ellis earned her Bachelor of Arts in Biology and Master’s in Health Administration from Hofstra University. She began working at the Donald and Barbara Zucker School of Medicine in 2010 and her current title is Director of Faculty Affairs and Student Records. Her work at the school in the areas of faculty affairs and student records has allowed her to strengthen her project management, managerial, and communication skills. Annalise is currently enrolled in the Hofstra University Health Professions Pedagogy and Leadership Master’s program to expand her knowledge in faculty development and medical education. She is the current Northeast Group on Student Affairs Representative for the Committee on Student Records.

Jennifer Mieres, MD
Course Director and Speaker
Professor of Cardiology, Occupational Medicine, Epidemiology & Prevention
Associate Dean of Faculty Affairs
Senior Vice President, Center for Equity of Care
Chief Diversity and Inclusion Officer
Northwell Health

Jennifer Mieres, MD, is a Professor of Cardiology and the Associate Dean of Faculty Affairs at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell. She is the Senior Vice President of Northwell’s Center for Equity of Care and has oversight of the Katz Institute for Women’s Health. Dr. Mieres is also the health system’s first Chief Diversity and Inclusion Officer and responsible for all diversity, health literacy and health equity strategies. She is a leading advocate for health equity, women’s health, patient-centered healthcare delivery and patient education reform. She has co-authored more than 65 scientific publications and her research in women’s
cardiovascular health contributed to the nation’s imaging guidelines for women. A prolific communicator and dedicated community advocate, Dr. Mieres served as chair of several national AHA committees, including the writing group on the AHA’s imaging guidelines for women with suspected heart disease. She is a Master of the American Society of Nuclear Cardiology (ASNC) and served as the first female President of the ASNC in 2009. She was an executive producer of the documentary *A Woman’s Heart* (2002), which was nominated for an Emmy for Best Documentary in the Health Science Category at the 46th Annual New York Emmy Awards, 2003 and is co-author of *Heart Smart for Black Women and Latinas: A 5-Week Program for Living a Heart-Healthy Lifestyle* (2008) and *Heart Smart for Women: Six STEPS in Six Weeks to Heart – Healthy Living* (2017).

---

Stacey E. Rosen, MD, FACC, FACP, FAHA  
**Course Director and Speaker**  
Professor of Cardiology  
Senior Vice President, Women’s Health  
Katz Institute for Women’s Health  
Northwell Health Partners Council Professor of Women’s Health

Stacey Rosen, MD is the Senior Vice President for the Katz Institute for Women’s Health (KIWH) and oversees the development and coordination of a comprehensive and integrated approach to women’s health services at Northwell Health. Dr. Rosen has been a practicing cardiologist for over 25 years and was the Associate Chairman of the Department of Cardiology at Long Island Jewish for 12 years, and Director of the Cardiovascular Disease Fellowship Program at Northwell Health prior to joining The Katz Institute for Women’s Health in the Center for Equity of Care. Dr. Rosen is Partners Council Professor of Women’s Health and Professor of Cardiology at the Zucker School of Medicine. She has been the medical chair for NYC and Long Island Go Red for Women luncheons for many years, working as a national spokesperson to raise awareness about heart disease prevention, diagnosis and treatment opportunities for women. In 2018 Stacey received the AHA’s Women in Cardiology Mentoring Award. She currently serves as a member of the Scientific Advisory Council for Women Heart: The National Coalition for Women with Heart Disease. Dr. Rosen is a co-author of *Heart Smart for Women, Six S.T.E.P.S. in Six Weeks to Heart-Healthy Living* which equips women of all ages with a comprehensive program for heart-healthy living. Dr. Rosen is a graduate of the six-year medical program at Boston University School of Medicine and is a Fellow of the American College of Cardiology, the American College of Physicians, and the American Heart Association.
Course Coordinator

Whitney Steller
Course Coordinator and Speaker
Faculty Affairs Coordinator

Whitney Steller earned her bachelor’s degree from Tufts University and is a master’s student at Hofstra University. She is the Faculty Affairs Coordinator at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell where she manages the appointment, promotion, reappointment, and annual evaluation processes for over 3,000 faculty members. She has also managed the school’s Academy of Medical Educators since its inception in 2016. Her main area of interest is supporting faculty who are interested in advancing their careers, which includes advisement on CV editing, guidance through the promotion process, and facilitating conversations between departmental leadership and junior faculty members.

Planning Committee Members and Speakers

Patti Adelman, EdD, MSEd, MSW
Speaker
Vice President, Center for Learning and Innovation & Physician Leadership Institute

Patti Adelman is the Vice President for the Center for Learning and Innovation, the Corporate University for Northwell Health, and the Physician Leadership Institute. To help achieve Northwell’s organizational objectives, she is responsible for the assessment, development, implementation and evaluation of organizational and leadership development activities for both clinical and non-clinical team members. Dr. Adelman recently graduated from the Chief Learning Officer Program, a doctoral program at the University of Pennsylvania, where she obtained her Master’s in Education and Ed.D. She received her Master’s in Social Work for New York University. Dr. Adelman holds a B.A. in Psychology from the University of Wisconsin at Madison.
Sadia Arshad, MD  
**Speaker**  
Assistant Professor of Medicine

Sadia Arshad MD, is a graduate of Ross University Medical School. She trained in Internal Medicine at Northwell- Forest Hills Hospital. She is board certified in Internal Medicine. She has been practicing since 2017 at Northwell-Southside Hospital as an academic hospitalist. She enjoys teaching and educating the residents.

---

Isabel A. Barata, MS, MD, MBA, FACP, FAAP, FACEP, FAAEM  
**Speaker**  
Associate Professor of Pediatrics and Emergency Medicine  
Pediatric Emergency Medicine Service Line Quality Director  
Emergency Medicine and Pediatrics Service Line  
Director of Pediatric Emergency Medicine,  
North Shore University Hospital

Isabel A. Barata, MS, MD, MBA, FACP, FAAP, FACEP, FAAEM is Associate Professor of Pediatrics and Emergency Medicine at the Zucker School of Medicine Hofstra/Northwell. She is the Pediatric Emergency Medicine Quality Director, for the Emergency Medicine and Pediatrics service lines. She has dedicated her career to improving the care of children in the emergency department through her extensive work in research, committee participation and speaking engagements at the local, regional, national and international level. Dr. Barata has been recognized with national and state awards for her commitment to the care of children in the emergency departments.
David Battinelli, MD
Planning Committee Member and Speaker
Vice Dean and Betsy Cushing Whitney Professor of Medicine
Senior Vice President and Chief Medical Officer Northwell Health

David Battinelli, MD, is responsible for the overall professional management of clinical, education, research and operational issues related to medical and clinical affairs. Previously, he served as the health system’s chief academic officer and senior vice president of academic affairs, in charge of all undergraduate and graduate educational programs, all continuing medical education, and academic affairs and institutional relationships. Dr. Battinelli is vice dean and the Betsy Cushing Whitney Professor of Medicine at the Zucker School of Medicine. A board-certified internist, Dr. Battinelli came to Northwell Health from Boston Medical Center (BMC), where he served as vice chair for education, program director, internal medicine residency program and professor of medicine at Boston University School of Medicine. He was also an active staff physician at BMC and the Boston Veterans Administration. Dr. Battinelli is a past-president of the Association of Program Directors in Internal Medicine. He has worked closely with and served on numerous committees for a variety of national medical organizations including the Alliance for Academic Internal Medicine, American Board of Internal Medicine, American College of Physicians, and the Accreditation Committee on Graduate Medical Education, among others. In addition, he has lectured extensively on clinical education, faculty development of teaching skills and internal medicine, and is a noted workshop leader and author on these subjects. Dr. Battinelli earned his medical degree from the University of Medicine and Dentistry, Newark, NJ, and a Bachelor of Science degree from the University of Scranton.

Lauren Block, MD, MPH
Speaker
Associate Professor of Medicine and Science Education

Lauren Block, MD, MPH is Associate Professor of Medicine and Science Education at Zucker School of Medicine. She is the Northwell/Zucker GIM Fellowship Director. At the School of Medicine she leads the Patient, Physician, and Society curricular component. Her research interests include interprofessional education and women’s health.
Ona Bloom, PhD
Speaker
Associate Professor
The Feinstein Institute for Medical Research
Dept of Molecular Medicine, Dept. of Physical Medicine & Rehabilitation (Director of Research)

Dr. Bloom is the inaugural director of Lab of Spinal Cord Injury (SCI) research. Her primary interest is immunodeficiencies after SCI, as infections are the primary cause of death for this patient population. In addition to her Northwell Health appointments, she is a member of the VA’s National Center for the Medical Consequences of SCI at the James J. Peters VAMC. Dr. Bloom obtained her PhD in neuroscience from The Rockefeller University under the supervision of Dr. Paul Greengard (Nobel laureate, 2000) and performed her postdoctoral studies at the Yale University School of Medicine under the supervision of Dr. Ira Mellman.

Lisa Bondy, ERYT 500, INHC
Speaker

Lisa Bondy, E-RYT500, INHC, A yogi and mediator for over 30 years, with over 15,000 hours of teaching experience, Lisa is a master yoga teacher who inspired many over the last 17 years of teaching on Long Island to become devoted practitioners and to train with her to become yoga teachers. Lisa co-founded two major Yoga/Wellness centers in Nassau County, first 2003 Om Sweet Om Yoga in Port Washington, and more recently, 2012 PRACTICE/2018 Northwell Health The Center for Wellness and Integrative Medicine in Roslyn, New York, where she currently is the Director of Yoga and Teacher Trainings. Lisa has her B.A. from Adelphi in History and Philosophy. Since her first teaching certification from Be Yoga with Alan Finger in 2001, Lisa has studied Ashtanga, and Vinyasa yoga as well as more alignment/therapeutic based yoga practices.
Judith Brenner, MD  
Planning Committee Member and Speaker  
Assistant Professor of Medicine  
Associate Dean of Curricular Integration and Assessment

Dr. Judith Brenner is the Associate Dean of Curricular Integration and Assessment at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell. Her career began at NYU where she was a student as well as faculty member and was involved in both UME and GME. She joined the Zucker School of Medicine in 2011. Since then, she has worn many hats and is currently focused on assessment and evaluation. She is also the proud mom of four children, ages 15 through 21. She lives by the motto of work-life integration and hopes to share her experiences with participants at SWIMC.

Frank Cacace, MD FACP  
Speaker  
Associate Professor of Medicine  
Associate Chief for Education  
Division of General Internal Medicine  
Northwell Health

Dr. Frank Cacace has been a general internist with Northwell Health since 1997. He did his residency at North Shore University Hospital and has served as a clinic preceptor for residents, an associate program director of the Internal Medicine residency for 15 years and currently is the associate chief of the Division of General Internal Medicine. He has won multiple ambulatory teaching awards, has overseen the ambulatory curriculum for residents, co chairs the education committee for the IMPACCT interprofessional clinic within the DGIM and has actively taught at the Hofstra SOM in physical diagnosis, communications and clinical reasoning coursework. He has been a faculty of the American College of Physicians, has served as co chair and chair of medical education innovation submission committees at the Society of General Internal Medicine, was elected into the Hofstra School of Medicine Academy of Medical Educators in 2017 and is an associate professor of medicine at the school.
Jean Cacciabaudo, MD
Speaker
Assistant Professor of Cardiology
Medical Director, Peconic Bay Medical Center

As medical director of Peconic Bay Medical Center, Jean Cacciabaudo, MD, oversees all medical affairs, quality management, patient safety issues and standards of care at the 182-bed community hospital. Previously, Dr. Cacciabaudo served as Southside Hospital’s chief of cardiology and Long Island Jewish Medical Center’s associate medical director. Under her leadership at Southside Hospital, she worked with the multidisciplinary team that brought open heart surgery and advanced complex cardiac care to the Bay Shore community. She also received the Northwell Health President’s Award in 2016 for Team Innovation for chairing the physician committee in Northwell Health Physician Partners that brought physician star ratings and comments to the internet so that patients can have insight into what other patients are saying about their physicians. Dr. Cacciabaudo received her medical training at New York Medical College, and served her internship and residency at New York Hospital-Cornell Medical Center, where her training also included clinical fellowships in hypertension and cardiology.

Maria Carney, MD
Speaker
Associate Professor of Medicine

Dr. Carney is an internist specializing in geriatric and palliative medicine. She is Chief for the Division of Geriatrics and Palliative Medicine and Medical Director for Post Acute Services at Northwell Health and Zucker School of Medicine at Hofstra/Northwell. Dr. Carney served as Commissioner of the Nassau County Department of Health 2008 - 2011. A first generation American whose parents emigrated from Cuba in 1960, Dr. Carney has dedicated her career to advocating and caring for the most vulnerable in society. She has published in the area of dementia, advance directives, caregiving and emergency response for vulnerable populations.
Cynthia J. Chang, MD
Speaker
Assistant Professor of Pediatrics
Program Director, Pediatric Residency Program
Associate Chair for Education
Department of Pediatrics
Staten Island University Hospital

Dr. Chang is currently board certified in Pediatrics and has practiced clinically as a Pediatric Hospitalist for more than 10 years. In addition to her accomplished clinical work, Dr. Chang is an Assistant Professor of Pediatrics at Zucker SOM at Hofstra/Northwell and has a leading role in educating and mentoring pediatric residents and medical students. She serves on various committees pertaining to Milestones, CLER, GME Policy, Quality Improvement, Resident Research and Faculty Development. Although her passion is resident education, her other areas of interest in research are SIDS and Childhood Obesity.

Joseph Conigliaro, MD, MPH, FACP
Speaker
Professor of Medicine
Vice Chair, Academic Affairs, Department of Medicine, Northwell Health
Chief, Division of General Internal Medicine, North Shore University Hospital and Long Island Jewish Medical Center

Dr. Joseph Conigliaro is the Vice Chair of Academic Affairs and the Division Chief of General Internal Medicine at Northwell Health and Professor of Medicine at the Zucker School of Medicine. His research work has centered primarily on the evaluation of provider behavior change, brief interventions to reduce hazardous drinking, health care disparities, and implementation of best practices. He has a strong history of mentoring junior faculty and fellows who have successfully obtained peer reviewed independent funding. He has collaborated closely to successfully develop and implement a sustainable SBIRT program in various primary care practices with and without the use of health IT. He’s advancing clinical care, education, training and research in academic primary care to develop future leaders in health care delivery particularly in the area of patient centered medical homes, addictions, informatics and quality and patient safety. In addition, he has firsthand knowledge of the best methods to explore the integration of evidence-based practices.
Karina W. Davidson, MASc, PhD
*Speaker*
Senior Vice President, Research
Dean of Academic Affairs & Professor
Feinstein Institutes for Medical Research

Karina W. Davidson, PhD, MASc, FAHA is Senior Vice President of Research, Dean of Academic Affairs, and Head of the new Manhattan-based Center at the Feinstein Institute of Northwell. She also is Professor at the Zucker School of Medicine at Hofstra/Northwell. She has authored over 250 peer-reviewed articles, numerous editorials and book chapters. She has won national and international awards for her research accomplishments, and has served as elected President for many of her professional societies. Dr. Davidson formed and is the past chair of the Evidence-Based Behavioral-Medicine committee, a task force charged by seven national and international societies with improving and implementing evidence-based principles within behavioral medicine. She is seen as an innovator in educational programming, and has won university-wide awards for her teaching, mentoring, and innovations in curriculum development. Dr. Davidson joined the U.S. Preventive Services Task Force in 2014. Dr. Davidson received a B.A. Honors in psychology from Queen's University in Canada. She earned her Master of Applied Science in industrial and organizational psychology and her PhD in clinical health psychology from the University of Waterloo in Canada. She completed her health and child clinical psychology internship at Kitchener-Waterloo Hospital.

Kristina M. Deligiannidis, MD
*Planning Committee Member*
Associate Professor of Psychiatry and Obstetrics & Gynecology
Associate Professor, Center for Psychiatric Neuroscience,
Feinstein Institute for Medical Research
Director, Women’s Behavioral Health, Zucker Hillside Hospital,
Northwell Health

Dr. Deligiannidis is the Director of Women’s Behavioral Health at Zucker Hillside Hospital. As a reproductive psychiatrist, she has expertise in treating women with mood and anxiety disorders linked to the menstrual cycle and perinatal period. Dr. Deligiannidis conducts research into the causes of perinatal depression and in novel therapeutics. Her research interests include psychoneuroendocrinology and neuroimaging. Dr. Deligiannidis’s research efforts have been nationally recognized with many awards for research and for teaching of medical students and residents. She serves on several national scientific committees and Boards of Directors and as a federal grant reviewer for the NIH.
Kristen Demertzis, PhD
*Speaker*
Assistant Professor of Physical Medicine and Rehabilitation and Psychiatry
Chief, Neuropsychology Division, Northwell Health Southside Hospital
Director of Resident Mentorship, OB/GYN Department, Northwell Health Southside Hospital

Dr. Kristen Demertzis is the Chief of Neuropsychology at Northwell Health Southside Hospital and the Director of Resident Mentorship for Northwell Health’s OB/GYN Residency Program at Southside and Huntington Hospitals. She is an assistant professor of Physical Medicine and Rehabilitation and of Psychiatry at the Zucker School of Medicine at Hofstra/Northwell. She received her doctorate in Clinical Psychology from UCLA. She completed her residency in Clinical Neuropsychology at Duke University Medical Center and her postdoctoral fellowship at the Mayo Clinic. She is board certified in clinical neuropsychology, and is part of the board certification cadre for the American Board of Professional Psychology-Clinical Neuropsychology Subspecialty. Dr. Demertzis’ clinical areas of expertise include primary neurodegenerative diseases, stroke, and traumatic brain injury.

Michael J. Esposito, MD
*Speaker*
Associate Professor of Pathology and Laboratory Medicine
Chief, Thoracic Pathology Service
Residency Program Director

Michael Esposito, MD, FCAP is the residency program director of the North Shore-LIJ Health System pathology residency training program and associate professor at Zucker SOM. He is also the director of the thoracic pathology service of the department of pathology and laboratory medicine. Dr. Esposito is a practicing pathologist with a special interest in thoracic pathology including lung cancer, interstitial lung disease and mediastinal pathology. He also has a strong interest in graduate medical education, especially the use of active learning strategies in pathology residency training. He has been the residency program director for the past 13 years and has been practicing pathology for 25 years.
Dr. Fornari is the Associate Dean of Educational Skills Development, Zucker SOM (ZSOM) at ZSOM and is the Vice President of Faculty Development for the 23 hospitals of the Northwell Health organization. Her faculty development role at both institutions is designed to align the UME, GME and CPD continuum. Serving in these roles for the past 10 years allows her to bring UME curricular innovations to the GME programs and recruit educators from GME to participate in faculty development and teaching at the School of Medicine. She has developed and implemented longitudinal CPD learning for faculty: “Learning Drives Teaching and Assessment” workshops, an educational research curriculum, “Educational Research Skills Development”, and system-wide “Resident as Teacher” and “Chief Resident” curriculum courses, all of which include interactive didactics and experiential components to assure skill-building is occurring in real-time. In 2014, Dr. Fornari was awarded a 2-year grant, Mentoring and Professionalism in Training (MAP-IT), funded by the Arnold P. Gold Foundation that focused on developing mentoring skills in clinicians to achieve humanistic relationships with trainees, colleagues and ultimately patients across the continuum of medical education. In 2015 the Department of Internal Medicine was awarded a 5-year HRSA Primary Care Training and Education grant, Improving Patient Access and Care Through Training (IMPACcT). Dr. Fornari is Co-Principal Investigator on this grant and has oversight of implementation of grant activities which seek to transform delivery of education to students and residents in ambulatory clinical care environments and impacting care delivered in those settings.

Dr. Karen Friedman is the Vice Chair for Education and Residency Program Director for the Zucker SOM program in Internal Medicine at North Shore University Hospital and Long Island Jewish Hospital. She received her MD degree from SUNY Downstate and her Masters in Health Professions Pedagogy and Leadership (HPPL), Hofstra University.
Leadership from Hofstra University. She has been on faculty in the Department of Medicine at North Shore Hospital as a Hospitalist since 2005 and is an Associate Professor of Medicine. Dr. Friedman’s career and research has been dedicated to medical education. She has published in and presents nationally on novel residency curricula and assessment methods in competency based medical education. She has studied both the use of milestones to assess trainee’s competency as well as the use of Dashboards in medical educations. She is the author of The Informed Patient - published in 2017 by Cornell University Press.

Marina Frimer, MD, FACOG, FACS  
*Speaker*  
*Associate Professor of Obstetrics and Gynecology*  
*Division of Gynecologic Oncology*

Dr. Frimer is a Gynecologic Oncologist at Northwell Health. She is currently involved in clinical and translational research at Feinstein and Cold Spring Harbor Labs. Her long-term goal is to become an independent investigator focusing on clinical trial development, rare tumors, and translational research. Dr. Frimer is recently promoted to Associate Professor at Zucker School of Medicine at Hofstra/Northwell.

Kathleen Gallo, PhD, MBA, RN, FAAN  
*Speaker*  
*Executive Vice President and Chief Learning Officer, Northwell Health*  
*Founding Dean and Professor, Hofstra Northwell School of Graduate Nursing and Physician Assistant Studies*

Dr. Kathleen Gallo is executive vice president and chief learning officer for Northwell Health. Under her leadership, the Center for Learning and Innovation, Northwell Health’s corporate university, and the Patient Safety Institute were created to transform the health system into a learning organization by strategically focusing on workforce development. Dr. Gallo is the founding dean of the Hofstra Northwell School of Graduate Nursing and Physician Assistant Studies. She is a Fellow of the American Academy of Nursing and the New York Academy of Medicine and is a distinguished Scholar and Fellow of the National Academies of Practice. Dr. Gallo received her Bachelor of Science in Nursing degree from Excelsior College, University of the State of New York; a Master of Science (Nursing) degree from the State University of New York at Stony Brook; a PhD (Nursing) and Master of Business Administration from Adelphi University.
Priscila Goncalves, MD
Speaker
Assistant Professor of Medicine
Associate Director of the Center for Novel Cancer Therapies (CNCT)

Dr. Gonçalves is the Associate Director of the Center for Novel Cancer Therapies (CNCT) and an Assistant Professor at the Zucker School of Medicine at Hofstra/Northwell. Dr. Gonçalves completed her Developmental Therapeutics training at Karmanos Cancer Institute in Michigan and medical oncology fellowship at the prestigious National Cancer Institute (NCI). She brings robust experience in quality patient care, clinical research and immunoncology from the time working at the HIV and AIDS Malignancy Branch (HAMB) at NCI. Besides developing and conducting early phase trials for all solid tumor types, Dr. Gonçalves also specializes in head and neck cancers, salivary gland tumors (with research focus in adenoid cystic carcinoma), non-melanoma skin cancers and virally associated malignancies, including tumors caused by HPV, EBV and KSHV. Additional interests include mentorship and teaching, in particular advancing women in science/oncology. Dr. Gonçalves excels at bringing trials to patients, collaborating with patients to find the best clinical trial opportunities for each individual and the broader patient community.

Beth S. Gottlieb, MD, MS
Planning Committee Member and Speaker
Associate Professor of Pediatrics
Division Director, Pediatric Rheumatology
Director, Pediatric Rheumatology Fellowship Program
Cohen Children’s Medical Center of New York

Beth Gottlieb, MD, MS is the Director of Pediatric Rheumatology at Cohen Children’s Medical Center of New York and is an Associate Professor of Pediatrics at the Zucker School of Medicine. Dr. Gottlieb directs the Rheumatology Fellowship Program and the quality improvement initiatives in the Division. Dr. Gottlieb earned a Master of Science in Clinical Research Methods from The Albert Einstein College of Medicine, Yeshiva University. At Cohen Children’s Medical Center, Dr. Gottlieb was the driving force to form a group for female faculty, founding Cohen’s “Women in Medicine Group”. She also developed a mentorship program for women fellows at the Children’s Hospital. Along with other faculty members, she continues to organize regular meetings for this group promoting faculty development, mentorship, work satisfaction and other relevant topics.
Sharonne Hayes, MD
**Plenary Speaker**
Professor of Cardiovascular Medicine and Director of Diversity and Inclusion, Mayo Clinic

Sharonne N. Hayes, M.D., studies cardiovascular disease and prevention, with a focus on sex and gender differences and conditions that uniquely or predominantly affect women.

With a clinical base in the Women’s Heart Clinic, Dr. Hayes and her research team utilize novel recruitment methods, social media and online communities, DNA profiling, and sex-specific evaluations to better understand several cardiovascular conditions. A major area of focus is spontaneous coronary artery dissection (SCAD), an uncommon and under-recognized cause of acute coronary syndrome (heart attack) that occurs predominantly in young women.

Dr. Hayes also studies the diagnosis and treatment of nonobstructive (microvascular) coronary artery disease and chest pain syndromes and the subsequent risk of arrhythmias and other cardiac conditions in women who have had hypertension, diabetes or preeclampsia during a pregnancy. With the Pericardial Disease Study Group, Dr. Hayes is assessing the optimal management of pericarditis.

Additionally, Dr. Hayes is involved in several research initiatives aimed at addressing health equity and reducing health disparities. Through partnerships with national professional women- and minority-serving organizations, Dr. Hayes assesses barriers faced by women and minorities that prevent or deter them from participating in research studies. Through surveys and national databases, Dr. Hayes is also studying the professional development of women and minorities in the health science professions, including the effects of pregnancy and childbearing during training, and evaluating disparities in academic promotion.

Tochi Iroku-Malize, MD, MPH, MBA
**Planning Committee Member and Speaker**
Professor & Chair, Department of Family Medicine
Professor, Feinstein Institute for Medical Research

Tochi Iroku-Malize, MD, MPH, MBA is the inaugural chair of family medicine at Northwell Health and professor and chair of family medicine for the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell. She is dual board certified in family medicine and hospice and palliative medicine and holds a masters degree in public health policy and management as well as one in business administration. Dr. Iroku-Malize is involved in diverse programs including, but not limited to, global & planetary health, clinical informatics,
women’s & children’s health, special needs populations, cultural competency, advocacy and leadership. She has worked for over the past three decades on clinical, research and academic initiatives to enhance health and equity for both providers and patients across various communities locally, nationally and internationally.

---

**Razia Jayman-Aristide, MD, MS-HPPL, FACP**  
*Speaker*

**Assistant Professor of Medicine**  
**Hospitalist, Department of Medicine**

Dr. Jayman is an Internal Medicine Physician who is currently practicing as an inpatient physician at Southside Hospital. During her time at Southside Hospital, Dr. Jayman co-founded the organization known as ‘Community Health Ambassadors’ which is a team of almost 100 men & women who donate their time in educating community members on health & wellness. This organization was nominated for Presidents’ Award - Team Work in 2019. In addition, she recently completed the Masters of Science in Health Professions, Pedagogy & Leadership at Hofstra University. In 2019, she was nominated for the President’s Award for physician of the year.

---

**Jill Kalman, MD**  
*Planning Committee Member and Speaker*  
**Associate Professor of Cardiology**  
**Executive Director, Lenox Hill Hospital**  
**System Medical Director, Patient Experience, Northwell Health**

As Executive Director of Lenox Hill Hospital, Dr. Jill Kalman is responsible for leading and developing the strategic vision of the hospital while aligning with Northwell Health’s goals on quality and safety, as well as caring for the community in which we serve. She is also the medical director for the office of patient and customer experience across Northwell Health for which she leads the initiative focused on the physician’s role in the patient experience. Prior to this role, Dr. Kalman served as Medical Director for the hospital collaborating with physician leadership, as well as improving the quality of care delivered at the Manhattan hospital. Dr. Kalman is an expert in congestive heart failure and has published extensively in that area. She began her career on faculty at Mount Sinai Hospital. She also started and developed the Heart Failure Program at Beth Israel Medical Center, and was subsequently recruited to New York University Medical Center as director of the Cardiomyopathy Program and chief of cardiac services of...
Tisch Hospital. In 2007, she returned to Mount Sinai as the director of the Cardiomyopathy Program. Dr. Kalman joined Northwell in May 2014 as associate medical director in the Office of the Chief Medical Officer, and as the associate medical director at LIJ Medical Center. After graduating with honors from the University of Pennsylvania, Dr. Kalman received her medical degree from the Mount Sinai School of Medicine. She completed her internal medicine residency, chief residency and cardiology fellowship at the Mount Sinai Medical Center, including a research fellowship in heart failure and cardiac transplantation.

---

Dana Kaplan, MD  
**Speaker**  
Assistant Professor of Pediatrics  
Director of Child Abuse and Neglect  
Staten Island University Hospital

Dr. Dana Kaplan is a board certified Child Abuse Pediatrician and the Director of Child Abuse and Neglect for the Department of Pediatrics at Staten Island University Hospital. She is the Associate Program Director for the Pediatrics Residency Training Program and the Site Director for Staten Island University Hospital, Child Abuse Pediatrics Fellowship Training Program, Maimonides Medical Center/Infants and Children's Hospital of Brooklyn. She is the director of the STAND clinic (Sex Trafficking, Abuse, Neglect, Domestic Violence) at Staten Island University Hospital and an Assistant Professor of Pediatrics at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell.

---

Naomi Kaplan, MBBS  
**Speaker**

Dr. Naomi Kaplan is a senior resident physician in the department of physical medicine and rehabilitation at Zucker SOM at Hofstra/Northwell. She completed her honors undergraduate thesis and medical training at University College London. She did her medical internship at the University of Missouri. Dr Kaplan is an alumna member of the ABC News Medical Unit. She is the incoming pediatric palliative medicine fellow at Mercy Health in Grand Rapids, Michigan. Her clinical and academic interests include pediatric rehabilitation and palliative medicine, spasticity management, medical education, and humanism in medicine.
Sandeep Kapoor, MD, MS-HPPL
Speaker
Assistant Professor of Medicine and Emergency Medicine
Director, SBIRT
Northwell Health

Dr. Sandeep Kapoor is an Assistant Professor of Medicine and Emergency Medicine at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell and Director of Screening, Brief Intervention, and Referral to Treatment (SBIRT) at Northwell Health. Dr. Kapoor has worked towards strengthening the collaboration between the departments of Internal Medicine, Emergency Medicine, Psychiatry, and Pediatrics to integrate protocols to universally address substance use within ambulatory, inpatient, and emergency medicine settings. Focused on health professional pedagogy, and to address an evident gap in traditional medical education, his team has developed and integrated a dynamic four-year longitudinal ‘Addressing Substance Use’ curriculum revolving around early identification/intervention within the Zucker School of Medicine. His team has also established a curricular footprint in five residency training programs, including: Internal Medicine, Emergency Medicine, Psychiatry, Pediatrics, and Family Medicine.

Jeff Kraut, MBA
Planning Committee Member
Assistant Professor of Science Education
Executive Vice President, Strategy and Analytics
Northwell Health
Associate Dean, Strategy
Donald and Barbara Zucker School of Medicine at Hofstra/Northwell

Jeffrey Kraut serves as the executive vice president for strategy and analytics at Northwell Health and as associate dean for strategy for the Zucker School of Medicine at Hofstra/Northwell. In addition to coordinating the strategic planning and health policy activities of Northwell, as well as the development of its network of providers through merger, acquisition or affiliated relationships, he is also responsible for organizing the next generation of business and clinical analytics throughout the Health System. Often recognized for his skills in health planning, policy and analytics, Mr. Kraut serves as Chair of the Public Health and Health Planning Council (PHHPC) and is a board member of numerous organizations focused on healthcare, economic development and community building activities. Prior to joining Northwell, Mr. Kraut served as the Vice President for Policy and Planning at the SUNY Downstate Medical Center, where he was recruited from the health care consulting group of KPMG Peat Marwick.
Dr. Nancy Kwon is the Vice Chair of Emergency Medicine at Long Island Jewish Medical Center. Dr. Kwon received her Bachelor of Science from Brown University, and her Doctorate of Medicine from The University of Rochester. She completed her Emergency Medicine residency at NYU Langone School of Medicine/Bellevue Hospital Center, and stayed on as faculty until 2013. She received a Masters in Public Administration from The NYU Wagner School of Public Service in 2003. She joined The Northwell Health team in 2013. Her areas of interest include faculty development and mentorship, Quality, and research surrounding vulnerable patient populations.

Dr. Nancy LaVine is the Associate Chief of the Division of General Internal Medicine at Northwell Health, and oversees the clinical operations of both the General Internal Medicine Faculty Practices and Northwell Health’s Internal Medicine Residency Clinics at North Shore University Hospital and Long Island Jewish. Dr. LaVine has significant experience with the Patient Centered Medical Home, working as the Lead Physician of the interdisciplinary PCMH Transformation Team in primary care practices in Northwell Health’s Physician Partners Group.
Susan Maltser, DO
*Speaker*
Assistant Professor of Physical Medicine and Rehabilitation

Lyndonna Marrast, MD, MPH
*Speaker*
Assistant Professor of Medicine

Lyndonna Marrast, MD, MPH is an Assistant Professor of Medicine at the Donald and Barbara Zucker SOM at Hofstra/Northwell. She conducts research on diabetes health disparities, teaches trainees and organizes community outreach events. Her research interests include using technology to improve the delivery of primary care to the underserved, interprofessional health equity research and workforce diversity. She earned her medical degree from Stony Brook University Health Science Center and holds a master’s degree in public health from the Harvard T. H. Chan School of Public Health. She completed internal medicine residency training at Boston Medical Center and general medicine fellowship training at Harvard Medical School/Cambridge Health Alliance.

Johanna Martinez, MD, MS
*Planning Committee Member*
Associate Professor of Medicine
GME Director for Diversity and Health Equity

Dr. Martinez is an Associate Professor, received her medical degree from SUNY Stony Brook and completed her Internal Medicine residency at New York-Presbyterian Hospital (Weill Cornell Campus). Her training also includes a General Medicine Faculty Development Fellowship at the University of North Carolina- Chapel Hill and a Masters in Science from Weill Graduate School of Medical Sciences at Cornell University. Most recently she was selected to be a Robert Wood Johnson Foundation Clinical Scholar and named the Executive Medical Director of Hofstra-
Northwell’s Medical Legal Partnership. Dr. Martinez is a primary care provider who is committed to health disparities, women’s health and community engagement within primary care.

**Thomas McGinn, MD, MPH**  
*Planning Committee Member and Speaker*  
*Professor and Chair, Department of Medicine*

Dr. McGinn oversees the activities of the department of medicine at Northwell Health. Previously, he served as chief of the Division of General Internal Medicine at Mount Sinai Medical Center. In that position, he supervised Mount Sinai’s adult inpatient and outpatient care of general medicine patients, developed a research and fellowship program, mentored and promoted clinician-educators, created an academic hospitalist program, expanded primary care services and recruited faculty.

In addition, Dr. McGinn served as vice president of alliance development at Mount Sinai, helping to develop relationships and partnerships with other institutions and large medical practices throughout the metropolitan area. He was also involved in the medical center’s efforts to implement a system-wide electronic medical record.

Dr. McGinn is a diplomate of the American Board of Internal Medicine and a fellow of the Royal College of Physicians of Ireland. Dr. McGinn is an authority on evidence-based medicine (EBM), comparative effectiveness and medical education, and has established his own core research programs. He has received state, federal and foundation funding to support his research and training in those areas, as well as support for a unique program in hepatitis C. He has also published extensively in the areas of EBM, medical education and clinical research.

Dr. McGinn earned his medical degree from SUNY Downstate College of Medicine in Brooklyn, and completed his residency in internal medicine at the Albert Einstein College of Medicine/Bronx Municipal Hospital Center. He also received a Master of Public Health degree from Columbia University.
Andrew W. Menzin, MD, MBA, FACOG, FACS
Speaker
Professor of Obstetrics & Gynecology
Chief of Gynecologic Oncology
Northwell Health Physician Partners, Central Region Vice Chairman for Academic Affairs
Department of OBGYN
North Shore University Hospital/LIJ Medical Center

Dr. Andrew Menzin is the Chief of Gynecologic Oncology in Northwell Health’s Central Region, the Vice Chairman of Academic Affairs at NSUH/LIJ, and a Professor of OBGYN at the Zucker School of Medicine. He joined the faculty of the North Shore University Hospital in 1995 and has been on staff for the past 24 years. Dr Menzin was a 2009 scholar of the Harvard Macy Institute’s Program for Educators in Health Professions and has returned annually as a faculty member in the program since 2011. He completed an MBA at the Zarb School of Business at Hofstra University in 2015.

Jacqueline Moline, MD, MSc, FACP, FACOEM
Planning Committee Member and Speaker
Vice President, Professor and Chair, Department of Occupational Medicine
Epidemiology & Prevention

Jacqueline M. Moline, M.D., M.Sc. is an Occupational Medicine specialist and Professor of Occupational Medicine, Epidemiology and Prevention and Internal Medicine at the Zucker School of Medicine. She obtained her medical degree from the Pritzker School of Medicine of the University of Chicago. She completed residencies in Internal Medicine at Yale University and Occupational and Environmental Medicine at Mount Sinai School of Medicine, where she obtained her Masters of Science degree. She is the former Director of the NIOSH funded New York/New Jersey Education and Research Center in Occupational Safety and Health. After 19 years on the faculty at the Mount Sinai School of Medicine, she joined Northwell Health as the founding Chairperson of the Department of Occupational Medicine, Epidemiology and Prevention. Dr. Moline has been nationally and internationally recognized as an expert in the field of occupational medicine. She has published dozens of articles on the physical and mental health effects of WTC exposure. In addition, she is the Principal Investigator (PI) of the Occupational Lung Registry focusing on asbestos exposed workers, and the PI of a study evaluating cancer incidence in volunteer firefighters. In 2010, Dr. Moline was the recipient of the Kehoe Award of Merit from the American College of Occupational and Environmental Medicine for significant contributions to research in the field of occupational and environmental medicine and she has received numerous awards for her service to WTC responders. She is a Fellow of the American College of Physicians, the American College of Occupational and Environmental Medicine and the New York Academy of Medicine.
Ernesto Molmenti, MD, PhD, MBA
Planning Committee Member
Professor of Surgery, Medicine and Pediatrics
Vice Chairman, Department of Surgery
Director, Adult and Pediatric Kidney Transplantation

Ernesto Molmenti, MD, PhD, MBA is the Vice-Chairman of the Department of Surgery and the Director of Adult and Pediatric Kidney Transplantation at Northwell Health. He was a clinical fellow in adult and pediatric abdominal organ transplantation at the University of Pittsburgh and subsequently was at Baylor University Medical Center and Children’s Medical Center in Dallas, Johns Hopkins, and the University of Arizona. Dr. Molmenti has published over 250 peer-reviewed manuscripts and book chapters and has authored four books. He is a speaker on kidney transplant and organ donation.

Mangala Narasimhan, DO, FCCP, FASM
Speaker
Professor of Medicine
Regional Director of Critical Care Medicine
Northwell Health

Dr. Narasimhan is the Regional Director for Critical Care Services for Northwell and oversees critical care operations at North Shore Manhasset, LIJ Medical Center, Valley Stream, Plainview and Syosset Medical Center. Dr. Narasimhan is board certified in Internal Medicine, Pulmonary Medicine, Critical Care Medicine and Sleep Medicine. She is a testamur of the National Board of Echocardiography. She is a Co-Director for the American College of Chest Physicians course in Critical Care Ultrasonography and on the ACCP executive committee to design a national board certification for critical care ultrasonography. She serves on many National Committees for CHEST and for ATS on Critical Care Ultrasonography. She serves on many medical school committees and on administrative committees at both NS and LIJ Medical Centers. She did her residency, fellowship and was a Chief resident at Beth Israel Medical Center in NY and has been at NSLIJ for 10 years. Research interests include critical care ultrasound project, physician burnout, ECMO and ICU outcomes research.
Tara Narula, MD
Speaker
Assistant Professor of Cardiology
CBS News Medical Contributor

Dr. Tara Narula is a board-certified cardiologist at Lenox Hill Hospital in Manhattan, an Assistant Professor of Cardiovascular Medicine at the Zucker School of Medicine, Hofstra/Northwell and a CBS News Medical Contributor. She contributes to various CBS News broadcasts and platforms including “CBS this Morning”, “CBS Evening News”, “CBSN” and “CBS Sunday Morning”. She is also a frequent contributor to O, Oprah Magazine. She joined Lenox Hill Heart & Vascular Institute of New York in 2010 and provides outpatient consultative care. She is additionally board certified in Nuclear Cardiology, Echocardiography and Internal Medicine. After graduating from Stanford University with degrees in Economics and Biology, she was founder and CEO of her own small business, Sun Juice Inc. Subsequently she obtained her medical degree at USC Keck School of Medicine where she graduated with Alpha Omega Alpha Society Honors. Dr. Narula completed her residency in internal medicine at Harvard University/Brigham and Women's Hospital and her fellowship training in cardiology at New York Presbyterian-Weill Cornell Medical Center. Dr. Narula is currently a fellow of the American College of Cardiology (FACC). She serves as a member for both the NYC Go Red for Women Committee and is a national spokesperson for the American Heart Association. She is a recipient of the Super Doctors Award for NYC 2014-2018. Her interests include preventive cardiology, women’s health and the management of coronary artery disease.

Kate Nellans, MD
Speaker
Assistant Professor of Orthopedic Surgery
Associate Program Director for LIJ Orthopedic Residency Program

Dr. Kate Nellans joined the Orthopedic Surgery Department at Northwell Health in 2013 after finishing her orthopedic surgery residency at Columbia University and a Hand Fellowship at University of Michigan. She has a special clinical interest in congenital hand deformities as well as traumatic hand injuries, including replantation. Her research interests include 3-D printing to address bone defects in the hand, as well as using patient reported outcomes to assess functional return to activities for patients with hand and wrist fractures. Dr. Nellans serves as the Associate Program Director for the LIJ Orthopedic Residency Program.
Program. She is active in both the Perry Initiative and Nth Dimensions, organizations which expose underrepresented minorities and women to orthopedic surgery to improve diversity within the field of orthopedics.

Alisha Oropallo, MD, FACS, APWCA

Speaker
Associate Professor of Surgery
Director, Comprehensive Wound Healing Center and Hyperbarics
Attending Vascular Surgeon, Dept of Vascular Surgery, Northwell Health

Dr. Oropallo is currently a practicing Vascular surgeon and Wound Care physician. She is the Medical Director of the Comprehensive Wound Healing Center and Hyperbarics at Northwell Health. She is involved with basic science with the Feinstein Institute of Medical Research, translational, and clinical research. She actively participates in numerous speaking engagements in national organizations. She is a co-founder in the development of Northwell’s first regional multidisciplinary wound care conference to help educate clinicians. She is currently an Associate Professor at Zucker Hofstra school of Medicine, Fellow of the American College of Surgeons with board certification in Surgery and Vascular Surgery, and a certification in wound care (MAPWCA). She authors many journal articles and is a reviewer for several journals. She is currently on the speaker’s bureau for the American Association of Wound Care (AAWC). She is actively involved in American College of Surgeons committees. She is a frequent lecturer on all aspects of wound management and treatment. She enjoys educating others on the advancement of wound healing.

Vihas Patel, MD
Planning Committee Member
Assistant Professor of Surgery
R. Ellen Pearlman, MD
*Speaker*
Assistant Professor of Medicine and Science Education
Associate Dean for Advanced Clinical Learning
Fellow, Academy of Communication in Healthcare

Born and raised on both coasts, Ellen graduated from Harvard and attended UCSF for medical school. She then trained in the NYU Primary Care Internal Medicine Residency Program. Following a year as chief resident, she joined the faculty at NYU/Bellevue and ultimately served as the Internal Medicine Residency Program Director for 7 years. She is now the Associate Dean for Advanced Clinical Learning at the Zucker School of Medicine. She has trained as a facilitator through the Academy on Communication in Health Care and the Matrix Leadership Institute, and is a member of the Academy of Medical Educators at ZSOM.

John S. Pellerito, MD, FACR, FAIUM, FSRU
*Planning Committee Member and Speaker*
Professor of Radiology
Vice Chair, Education
Department of Radiology
Northwell Health System

Dr. John S. Pellerito is the Vice Chairman of the Department of Radiology as well as the Program Director for the Radiology Residency Program and Body Imaging Fellowship at Northwell Health. He is Professor of Radiology at the Zucker School of Medicine at Hofstra/Northwell and is co-director of the SONICS ultrasound program for medical students at the University. Dr. Pellerito graduated from New York University before receiving his M.D. from Albany Medical College. He is the co-editor of Introduction to Vascular Ultrasonography, in its 7th edition. He is the author of multiple original articles and book chapters and is in great demand as a speaker both nationally and internationally and currently holds multiple editorial appointments including Radiology, RadioGraphics and Journal of Ultrasound in Medicine.
Jose M. Prince, MD

Speaker

Associate Professor of Surgery
Vice Chair, Surgery
System Chief, Acute Care Surgery and Pediatric Surgery
Northwell Health

Jose M. Prince, MD, FACS, FAAP is a Vice Chair of Surgery for Northwell Health and the System Chief of Pediatric Surgery and Acute Care Surgery. He is an Associate Professor of Surgery and Pediatrics at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell. As the Trauma Medical Director of Cohen Children’s Medical Center of New York (CCMC), he led the verification of CCMC as the first trauma center verified by the American College of Surgeons in New York City in 2015. Dr. Prince is the founding director of the Laboratory of Pediatric Injury and Inflammation in the Feinstein Institute for Medical Research. A native of Queens, Dr. Prince was recruited to return to New York from the University of Pittsburgh Medical Center to join the faculty of Hofstra/Northwell in 2010 where he completed both his general surgery and pediatric surgery training. Dr. Prince graduated cum laude from the Yale University School of Medicine in 2000 after obtaining his undergraduate studies at Georgetown University. At Yale, Dr. Prince was awarded a Howard Hughes Medical Institute Research Fellowship which he completed at the National Institutes of Health. Dr. Prince has authored more than 50 articles in peer-reviewed journals and numerous clinical and scientific chapters.

Sreekala Raghavan, MD

Speaker

Sreekala Raghavan, MD
Speaker

Amit Rao, MD

Speaker

Amit Rao, MD
Speaker
Carmen J Rodriguez, MD, FACOG  
*Planning Committee Member*  
Clinical Assistant Professor of Obstetrics and Gynecology  
Chair of the Women In Medicine (WIM) at Long Island Jewish Medical Center (LIJ)  
President Elect of the Medical Staff Society LIJ

Dr. Carmen Rodriguez is an obstetrician gynecologist who practices at Long Island Jewish Medical Center. She obtained her medical degree from Stony Brook Medical School in 1992. She is a clinical assistant professor at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell. She is a preceptor to medical students through the ICE Program and nurse practitioner students through the Graduate Nursing and Physician Assistant Program. She has been a mentor to OBGYN residents, medical students and college students. Dr. Rodriguez is the associate chair of the LIJMC-PICG and a member of the OBGYN department PICG. She is currently the president elect of the LIJMC Medical Staff Society and will be the first female president of the staff as of July 2019. She chairs the LIJMC Women in Medicine (WIM) program. She developed a mentorship program for WIM. Dr. Rodriguez received the Physician of the Year Award for Northwell Health’s Central Region 2019.

Eleny Romanos-Sirakis, MD  
*Speaker*  
Assistant Professor of Pediatrics  
Pediatric Hematology/Oncology

Dr. Eleny Romanos-Sirakis is a pediatric hematologist/oncologist at Staten Island University Hospital, Northwell Health System. She enjoys caring for pediatric patients and families with a wide variety of hematologic and oncologic diagnoses. In addition to patient care in the field of hematology/oncology, she also has great interests in pain management and clinical education. She has worked to develop a pediatric pain program at SIUH to minimize procedural pain in both inpatient and outpatient settings. In addition, she works closely with colleagues and trainees to enhance and advance clinical education.
Robert O. Roswell, MD, FACC, FACP  
*Speaker*  
Associate Professor of Cardiology & Science Education  
Associate Dean for Diversity & Inclusion

Dr. Roswell’s medical degree was conferred with Honors in Pathology from New York University School of Medicine and he completed residency and chief residency there. He was a fellow and a chief fellow of cardiovascular diseases at Georgetown University School of Medicine/Washington Hospital Center. He is a graduate of the American Association of Medical College’s Healthcare Executive Diversity and Inclusion Certificate program and has worked to integrate the social determinants of health, implicit bias, and cultural humility into the medical education curriculum. Dr. Roswell is a member of the Association of Black Cardiologists and is a champion for health equity; he advocates for high-quality evidence-based care delivered with cultural humility for all.

Rosanna C. Sabini, DO  
*Speaker*  
Associate Professor of Physical Medicine and Rehabilitation  
Director, Northwell Health Concussion Program  
Program Director, Brain Injury Medicine Fellowship Program  
Chair, Department of Physical Medicine & Rehabilitation  
Southside Hospital

Dr. Rosanna Sabini is board certified in Brain Injury Medicine by the American Board of Physical Medicine and Rehabilitation. She completed her residency at Mount Sinai Medical Center in New York and went on to complete her fellowship in Traumatic Brain Injury at the University of Pittsburgh Medical Center. Dr. Sabini is a rehabilitation physician at Southside Hospital and the Medical Director of the Northwell Health Concussion Program which offers comprehensive and evidence-based concussion management. Dr. Sabini is also the Program Director for the Brain Injury Medicine Fellowship which provides specialized training in the specialty.
Ankita Sagar, MD, MPH, FACP
Speaker
Assistant Professor of Medicine
Primary Care Physician, Director of Ambulatory Quality for Medicine Service Line at Northwell Health

Ankita Sagar, MD, MPH, FACP, is a Primary Care Physician and Assistant Professor of Medicine at the Donald & Barbara Zucker School of Medicine at Hofstra/Northwell. As Assistant Professor, she co-leads the Health Policy curriculum as well as the Ambulatory Quality Curriculum for the house-staff at the North Shore LIJ Internal Medicine Residency Program. Ankita is the Director of Ambulatory Quality for the Internal Medicine Service Line at Northwell Health. In this role, she is tasked with developing and maintaining quality initiatives in support of organizational goals, while promoting use of evidence based medicine to improve patient health outcomes and physician experience. Ankita’s clinical interests include standardization of clinical quality, decreasing cost of care, ambulatory antibiotic stewardship, judicious prescribing of opioid medications, and curriculum development in health policy and quality improvement. Ankita is a Fellow of the American College of Physicians (ACP), the Chair for Early Career Physician Task Force at NY-ACP (New York Chapter of American College of Physicians) and serves on the NY-ACP Council Board. She is an active member of the Society of General Internal Medicine (SGIM), and completed their Leadership in Health Policy program (LEAHP) in 2018.

Annabella Salvador-Kelly, MD, FACEP
Planning Committee Member and Speaker
Associate Professor of Emergency Medicine
Associate Chief Medical Officer
Vice President Medical Affairs

As Associate Chief Medical Officer and Vice President of Medical Affairs, Dr. Annabella Salvador-Kelly, MD FACEP, leads medical affairs throughout Northwell Health. She is also responsible for standardizing pharmacologic and therapeutic interventions across the entire clinical enterprise. She is an Associate Professor at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell and a faculty member at Northwell Center for Learning and Innovation. She is a member of the American College of Emergency Physicians and the Society for Academic Emergency Medicine and serves on several national and regional committees. Dr. Salvador-Kelly joined Northwell in 1999. She holds a bachelor’s degree in biology from New York University and a medical degree from SUNY Downstate Medical Center. She is a member of the Alpha Omega Alpha Honor Medical Society. She completed her residency in Emergency Medicine at Bellevue Hospital Center/New York University Medical Center.
Charles Schleien, MD, MBA  
Planning Committee Member  
Professor and Chair, Department of Pediatrics  
Vice President Medical Affairs

Dr. Schleien attended the Mt. Sinai School of Medicine (1979), completed his pediatrics residency at Texas Children’s Hospital (1982), and his anesthesiology residency and pediatric critical care medicine fellowship at the Johns Hopkins Hospital (1985) where he remained on the faculty as Assistant Director of the Pediatric Intensive Care Unit and was NIH funded for his research in brain metabolism, brain resuscitation and CPR. He directed the Critical Care division at the University of Miami where he led a major research effort in brain resuscitation. He was a longstanding member of the American Heart Association-Emergency Cardiovascular Committee instrumental in formulating the international pediatric guidelines in CPR.

Christine Sethna, MD, EdM  
Planning Committee Member  
Associate Professor of Pediatrics

Christine Sethna, MD, EdM, is the Division Director of pediatric nephrology in the Department of Pediatrics at Cohen Children’s Medical Center. Dr. Sethna’s clinical and research interests focus on hypertension and cardiovascular outcomes in kidney disease. She is the Principal Investigator of a multi-center study sponsored by the American Heart Association that is investigating cardiovascular risk factors in children with nephrotic syndrome. In addition, Dr. Sethna is the Director of Resident Scholarly Activity for the Graduate Medical Education program at CCMC and a member of the Zucker School of Medicine Admissions Committee, Student Advancement Committee and Faculty Council.
Linda Shore-Lesserson, MD  
*Planning Committee Member and Speaker*  
*Professor of Anesthesiology*  
*Vice Chair for Academic Affairs*  
*Director, Cardiovascular Anesthesiology*

Dr. Linda Shore-Lesserson is Professor of Anesthesiology Zucker School of Medicine at Hofstra/Northwell, and director of Cardiothoracic Anesthesiology in the Northwell Health System in New York. Dr. Shore-Lesserson is a clinical and an academic cardiac anesthesiologist who is currently serving as the Immediate Past President of the Society of Cardiovascular Anesthesiologists (SCA). She is also previous Chair of the Advanced Perioperative Echocardiography Examination Writing Committee, and is now serving on the National Board of Echocardiography. She is involved with other medical cardiovascular disciplines as the SCA liaison to the American Heart Association Surgery and Anesthesia Council (CVSA). She is also working with the Society of Thoracic Surgeons to create best practice guidelines. Her research interests lie in hemostasis and she has served as the chair of the Committee on Patient Blood Management of the American Society of Anesthesiologists. She lectures frequently at national and international scientific meetings having accomplished more than 100 visiting professorships and invited lectures. She is married to an otolaryngologist and she has 2 beautiful sons 24, and 18 years of age.

Julie Silver, MD  
*Speaker*  
*Keynote Speaker*  
*Associate Professor and Associate Chair in Physical Medicine and Rehabilitation, Harvard Medical School*

Dr. Silver has held numerous leadership positions and is a former start-up company founder. She has received many awards and was recognized by *The Boston Globe* as the Top Innovator in Medicine. Dr. Silver’s work has focused on cancer rehabilitation, workforce diversity and inclusion, and physician wellness/burnout—often intersecting with innovation and implementation science. She has published groundbreaking research on workforce diversity and inclusion topics and is actively involved in supporting all healthcare providers.

Dr. Silver is a respected authority in the field of Physical Medicine and Rehabilitation (PM&R). She has published many studies and journal articles on clinical topics that encompass orthopedic, neurologic and cancer rehabilitation. She has also published on innovation topics such as healthcare hackathons. Dr. Silver is committed to supporting all healthcare professionals and closing gaps in patient care disparities. She has an in-depth understanding of dissemination and implementation science, including but not limited to, bibliometrics (both conventional and alternative metrics) and has published numerous
reports focusing on the role of social media in the translation of research into clinical practice. Her high-impact work has been published in the New England Journal of Medicine, JAMA Network and many other medical journals.

Amanda Simone, MD
Planning Committee Member
Assistant Professor of Medicine
General Internal Medicine Fellow

Amanda Simone is the inaugural Libby Gottridge General Internal Medicine Fellow at Northwell Health. She has spent the year focusing on primary care, medical education and has developed a mentoring and leadership training program for women in medicine within the IM residency program at North Shore / Long Island Jewish hospitals.

Lawrence G. Smith, MD, MACP
Planning Committee Member and Speaker
EVP & Physician-in-Chief, Northwell Health
Dean and Professor, Donald and Barbara Zucker School of Medicine at Hofstra/Northwell

As physician-in-chief, Lawrence Smith, MD, MACP, is Northwell Health’s senior physician on all clinical issues. He previously served as Northwell’s chief medical officer. Dr. Smith is the founding dean of the Zucker School of Medicine. Dr. Smith joined Northwell in May 2005 as chief academic officer and senior vice president of academic affairs. Before joining Northwell, Dr. Smith was at the Mount Sinai School of Medicine in Manhattan, where he served as dean and chair of the Department of Medical Education, founder and director of the school’s Institute for Medical Education, professor of medicine and an attending physician. He joined the faculty of the Mount Sinai School of Medicine in 1994 as vice chair of the Department of Medicine and residency program director. In 2011, he was elected to Mastership of the American College of Physicians. Dr. Smith was inducted into the Gold Humanism Honor Society in 2014, invited to join the Arnold P. Gold Foundation Board of Trustees in 2017 and made chair of the Gold Foundation’s Program Committee in 2018. Dr. Smith serves on the Executive Committee and as treasurer for the Associated Medical Schools of New York. He serves as chair of the National Academy of Sciences Roundtable on Health Literacy and is a member of the NYS
Board of Education Advisory Committee on Long-Term Clinical Clerkships and on the University of Rochester’s Board of Trustees Advisory Council. He is a former regent of the American College of Physicians, former member-at-large of the National Board of Medical Examiners and a former member of the board of directors of the American Board of Internal Medicine. Dr. Smith is the first recipient of the Lawrence Scherr, MD, Professorship of Medicine at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell. He was the recipient of the Solomon A. Berson Alumni Achievement Award in Health Science by New York University School of Medicine. Dr. Smith earned a Bachelor of Science in physics from Fordham University and a medical degree from New York University School of Medicine. His residency in internal medicine at Strong Memorial Hospital was followed by military service as a captain in the Army Medical Corps at Fitzsimmons Army Medical Center in Denver.

---

**Penny Stern, MD, MPH**  
*Planning Committee Member and Speaker*  
Assistant Professor of Occupational Medicine, Epidemiology and Prevention  
Director, Preventive Medicine, Dept of Occupational Medicine, Epidemiology & Prevention and Center for Equity of Care – Katz Institute for Women’s Health

Penny Stern MD, MPH, FACPM, FACOEM is Director, Preventive Medicine in the Department of Occupational Medicine, Epidemiology, and Prevention as well as at the Center for Equity of Care – Katz Institute for Women’s Health. She is President, Faculty Council of the Zucker School of Medicine and the Co-Chair of Northwell’s Continuing Medical Education (CME) Committee. An AOA graduate of Albert Einstein College of Medicine, Dr. Stern earned her MPH at Columbia’s Mailman School of Public Health. She trained in Preventive Medicine at Cornell and in Occupational Medicine at Mount Sinai and is board-certified. She is also NYS-certified in medical acupuncture.

---

**Amy R. Stein, JD, MSEd**  
*Speaker*  
Professor of Legal Writing & Assistant Dean for Legal Writing and Adjunct Instruction  
Maurice A. Deane School of Law at Hofstra University

Amy Stein received her BA degree from Tufts, her JD from Fordham Law School, and an MSEd in Higher Education Leadership Policy from Hofstra. Professor Stein worked as a litigation attorney for a decade before entering academia.
Professor Stein teaches Legal Writing, Research and Analysis as well as Civil Procedure and Discovery Skills.

Professor Stein’s area of academic interest is effective law school teaching and learning. She writes and presents on these topics frequently. She is a co-author of the Best Practices for Adjunct Teaching manual published by the ABA. She has also authored several research guides for Hein Publishing.

---

Payal Sud, MD, FACEP  
**Speaker**  
**Assistant Professor of Emergency Medicine**  
**Associate Chair**  
**Department of Emergency Medicine**  
**Medical Toxicologist**  
Glen Cove Hospital, Northwell Health

Dr. Payal Sud is the Associate Chairperson for Emergency Medicine at Glen Cove Hospital. Her focus includes Operations and Quality Improvement. Previously, she served as the Associate Program Director for the Emergency Medicine Residency Program at LIJMC, where she helped create the new Hofstra-Northwell EM Residency at Zucker School of Medicine. Additionally, Dr. Sud is a practicing Medical Toxicologist, intimately involved in the Medical Toxicology fellowship. She has published and presented in several medical journals, textbooks and at national conferences. She has also been featured on ABC’s Good Morning America, Health Day and in Medscape’s video interview.

---

Maja Svrakic, MD, MS  
**Planning Committee Member**  
**Assistant Professor of Otolaryngology**  
**Associate Program Director**  
Northwell Health Department of Otolaryngology

Dr. Maja Svrakic holds a full-time faculty appointment at the Department of Otolaryngology at Northwell Health, where she subspecializes in Otology, Neurotology and Skull Base Surgery. She completed a Masters in Health Professions Pedagogy and Leadership from the Hofstra University School of Education. Dr. Svrakic is a vocal member of the Women in Neurotology society, a recent passion project of the under-represented women in this surgical field. She has presented locally, nationally and internationally on resident education and training, with a specific interest in gender disparity. She has mentored many young women interested in surgery and surgical subspecialties...
Adey Tsegaye, MD, FCCP  
*Speaker*  
Assistant Professor of Medicine  
Associate Program Director for the Pulmonary and Critical Care Fellowship Program

Dr. Tsegaye is a Pulmonary, Critical Care and Sleep Physician at Zucker School of Medicine. She rounds on the Pulmonary Service and in the Medical Intensive Care Units at North Shore and LIJMC. Her interests include Point of Care Ultrasonography in Critical Care, and she has served as American College of Chest Physicians Faculty at national and international courses. She is passionate about Global Health and has been on several medical missions to Ethiopia and is exploring partnerships to help develop sustainable training programs there. Locally she has been engaged in looking into the effectiveness of rapid response team calls.

Nina S. Vincoff, MD  
*Speaker*  
Assistant Professor of Radiology  
Chief, Division of Breast Imaging, Imaging Service Line, Northwell Health

Dr. Nina Vincoff joined the Northwell Health Department of Radiology in 2015 as the Division Chief of Breast Imaging, after 16 years as a private practice radiologist on Long Island. As a radiologist specializing in women’s imaging, Dr. Vincoff has been an early adopter of new technologies which improve patient outcomes through early cancer detection and intervention. She is also a recognized advocate for patient and family centered care, serving as a member of the American College of Radiology Patient and Family Centered Care Outreach Committee and the ACR Appropriateness Criteria Patient Engagement Subcommittee.
Michael P. Wright, EdD  
*Speaker*  
Vice President, Diversity and Health Equity  
Center for Diversity, Inclusion and Health Equity  
Northwell Health

Michael Wright, EdD, is currently Vice President of Diversity and Health Equity for Northwell Health system. He joined Northwell Health in August 2014. He has over 20 years of experience in leadership development and implementation of talent strategies across various industries globally. Michael earned his Doctorate in a joint business/organizational learning program with the Wharton School of Business and the Graduate School of Education at the University of Pennsylvania. He also has two Master degrees from the University of Toronto and holds a Bachelor’s degree from the University of Waterloo. Michael received the medal of the Order of St. John from the Governor General of Canada for his contribution to community leadership and has served on the Board of Director’s for Leadership Tomorrow, a Puget Sound Region leadership development program. He was Chair of the LENS Steering Committee for the National Center for Healthcare Leaders (NCHL). Michael is currently adjunct faculty at Hofstra University (MBA, Executive MBA and Masters in Healthcare Administration programs) and formerly adjunct business faculty at the University of Maryland, University College. Michael is also a member of the Dean’s Advisory Board, Zarb School of Business at Hofstra University and an Advisory Board Member for Aiir Consulting.

Andrew C. Yacht, MD  
*Planning Committee Member and Speaker*  
Professor of Medicine  
Associate Dean for Graduate Medical Education  
Chief Academic Officer, Northwell Health

Andrew C. Yacht, MD, MSc, FACP is Chief Academic Officer and Senior VP of Academic Affairs for Northwell Health. In that role, he directs Northwell's graduate medical education and medical student education programs as well as supervises administration of continuing medical education, faculty development, library services, alumni affairs, and global health. He serves as ACGME Designated Institutional Official at Northwell as well as Associate Dean for Graduate Medical Education and Professor of Medicine at Zucker School of Medicine at Hofstra/Northwell. Dr. Yacht graduated from the University of Massachusetts at Amherst and received his medical degree from SUNY Downstate College of Medicine. He completed his residency and chief residency in internal medicine at Boston University School of Medicine followed by a fellowship in general internal medicine at Boston University Medical Center/ Boston VA Medical Center. He also earned a Master of Science degree in epidemiology from Boston University School of Public Health.
Dr. Yacht’s research interests span GME and UME and include curriculum design/evaluation, EPA assessment, and educational program innovation.

Gulrukh Zaidi, MD, FCCP  
*Speaker*  
Assistant Professor of Medicine

Dr. Zaidi is a Pulmonary/Critical Care Physician and an Assistant Professor of Medicine at the Zucker School of Medicine. She serves as director of Pulmonary Services for transplant recipients and rounds on the Pulmonary and Medical Intensive Care Unit Services at North Shore University Hospital and LIJMC. Dr. Zaidi is recognized both at the national and international level as an educator in the use of point of care ultrasonography in critical care. Her interests include the use of critical care ultrasonography via the tele-ICU, physician burnout, and management of sickle cell disease in the ICU.
