Greetings!

I hope that 2020 is off to a great start for you and that the new year brings a renewed sense of purpose and energy (and that those resolutions haven't worn off yet!). Students here at the ZSOM are back in classes and rotations, and the spring semester is well underway. As we prep for this year’s Match Day, I'd like to thank all of you who have reached out to connect with our students and graduating fourth years. As our alumni population grows, I hope we can keep this growing network connected! Stay tuned for Match information on March 20!

As you may have seen in the (local) news, President Stuart Rabinowitz recently announced his retirement, effective August 31, 2021, at the end of his contracted term. As the search begins, we will certainly keep you informed.

For those of you in the metro NY area, please look for information about an alumni happy hour this spring in the city! And we'll have some faculty traveling to Colorado in June, and hopefully some other regional travel as well.

As always, please feel free to reach out to SOMAlumni@hofstra.edu with any news, updates, or questions. Looking forward to hearing from you soon!

All the best,

Anne Dalgish Koestner
Director of Development and Alumni Affairs

**News from the Zucker School**

**Alumni News:**

**Class of 2015 - please SAVE THE DATE!** Our first ever five year reunion will be held this fall, during the weekend of October 2-3. I'll be sending out an email with more information once the venue is finalized, but please be on the lookout for information about a Friday night dinner and Saturday brunch at the school. It will be amazing to celebrate our inaugural class and our first ZSOM reunion!
Career Night at the ZSOM: We welcomed back eight alumni on February 4th who spoke to current students about their residency and specialty experience - thanks to all who came out! We are looking forward to part two on February 6th when a few more alumni will be visiting with our students. For more photos, please follow the ZSOM on Instagram!

Med Ed Verification: Do you need a medical education verification? If so, please send the form you need filled out to Annalise.Ellis@hofstra.edu. If you need a transcript, diploma, and/or MSPE along with the form, please use this request form.

If you’re completing a fellowship application in ERAS, we use MIDUS. Please use the following information when you’re filling it out:

Annalise Ellis, MHA
Director of Student Records
