SOM Alumni Newsletter

January 2017

Greetings!

Happy New Year! As we celebrate the start of 2018 here at the Zucker School of Medicine, I am pleased to share with you our first SOM Alumni Newsletter! I hope you'll enjoy reading some of the news coming out of the SOM from the last few months, as well as some faculty and student updates.

Please send along any updates you'd like to share with your fellow alums - personal, professional, or a combination of the two! I'd love to include some news about all that you are accomplishing after graduation.

And please save the date! **Tuesday, March 13** we will be holding an alumni happy hour in Manhattan, location TBD following office hours at Lenox Hill. Hope you can join us for light bites and to catch up with classmates - more info to follow!

As always, please feel free to reach out at SOMAlumni@hofstra.edu with any questions. Hope 2018 is off to a great start, and looking forward to connecting with you soon.

All the best,

Anne Dalgish Koestner
Director of Development and Alumni Affairs

News from the Zucker School:

Powering the Next Generation of Healthcare Professionals - read more about the transformational gift from Donald and Barbara Zucker that will support medical student scholarships for years to come.

Treating Transgender Patients - a recent humanities in medicine program highlighted dialogue on treating transgender patients in conjunction with an art installation on gender and identity at the Hofstra University Art Museum .

Alumni News:

Save the Date - March 13! - We'll be kicking off alumni happy hours this spring at locations in Manhattan and Long Island. Our first happy hour will take place on Tuesday, March 13 in NYC, location TBD. Look for emails about these and other upcoming events in your inbox soon!

Student News:

[Listen to a new podcast featuring the MS1 student experience](#) - this new podcast series will follow first year students through year one of their studies at the Zucker School of Medicine.

Faculty News:

[Artistry and Surgery](#) - a recent art exhibit and talk at the Zucker School featured a faculty discussion on mastectomies and sculpture.
