New Subscriptions

The Health Sciences Libraries have initiated subscriptions to several new e-book platforms, based on feedback from faculty and GME trainees. When we subscribe to a platform rather than to individual e-book titles, users have the enhanced ability to search for a topic or multimedia images across all the text-books at once, in addition to linking directly to the single title of your choice. Some of the platforms also include case studies and self-assessment modules. The following e-book platforms are now active and accessible from the Zucker School of Medicine Library website or EMIL on the Northwell Health Intranet.

- LWWHealth Library OBGYN ([ZSOM](#), [Northwell](#))
- LWWHealth Library Orthopaedic Surgery ([ZSOM](#), [Northwell](#))
- Thieme MedOne Neurosurgery ([ZSOM](#), [Northwell](#))
- Thieme MedOne Plastic Surgery ([ZSOM](#), [Northwell](#))

If you have recommendations for additional online resources that would benefit your department or institute, please contact Debra Rand at drand@northwell.edu. We are evaluating potential subscriptions now for the 2020 calendar year.
