News From  
School of Medicine  
**Library**

October 2018

**Desktop Version of EndNote X9 is Available for Download**

The new version of EndNote X9 is available to be installed on your Northwell desktop or laptop computers from the IT HelpDesk. You can request the install via [chat.northwell.edu](http://chat.northwell.edu). The libraries manage the site license for this citation management resource so there is no need for a license number or product key. If you want to install the program on a personal computer, download the installer via MyApps from the Hofstra University portal.

**Introduction to Health Care Quality: Theory, Methods, and Tools**

The eBook, Introduction to Health Care Quality: Theory, Methods, and Tools, written by Dr. Yosef Dlugacz, Senior Vice President and Chief of Clinical Quality, Education and Research, is available from our eBook collection. Click [here](#) (Hofstra) or [here](#) (Northwell) to access the book.

**Having Issues with Accessing Wiley Journals?**

Access to Wiley journals are pay-per-view (token). There is a known issue with Wiley articles not displaying the confirmation token when viewed on either a mobile device or small internet browser window. If you are viewing the article on a small internet browser window, please maximize the window to see the confirmation token. If you are viewing the article from a mobile device or mobile app (e.x. BrowZine), please switch to a computer to view.

## New Features on *New England Journal of Medicine*

The NEW ENGLAND  
JOURNAL of MEDICINE

### **New Review Article Series, *Frontiers in Medicine*, Added**

The *Frontiers in Medicine* series explores the bridge between scientific discoveries and their development into clinically useful tools. Authored by leading experts, each article explains the technology, current clinical evidence, and benefits for future applications. Click [here](#) (Hofstra) or [here](#) (Northwell) to access the series.

### **Pediatric Rotation Prep Guide Available on NEJM Resident 360**

Pediatric Guides in Emergency Medicine and Neonatal Care have been recently added to our Rotation Prep series, with Endocrinology, Mental and Behavioral Health. Guides in 27 internal medicine and pediatrics specialties offer topic overviews, procedure videos and links to reviews, guidelines and landmark trials.

## Springer Protocols are now on Springer Nature Experiments

Springer Protocols platform has been deactivated as of this summer. The protocols are now searchable via Springer Nature Experiments.
