Appendix:

Plan to Enroll: Accepted applicants can select "Plan to Enroll" for their top medical school choice in the AMCAS Choose Your Medical School Tool. Applicants may hold waitlist positions at other schools and can continue to hold multiple acceptances until the National Decision Deadline. We ask that they choose this action as early as possible if our school is their top choice.

Commit to Enroll: Accepted applicants can select "Commit to Enroll" when they are ready to make their final selection in the AMCAS Choose Your Medical School Tool. This indicates that they have withdrawn all other applications, including waitlist positions from other schools, and that they are committed to one final acceptance.
