## Learning Objectives

Upon completion of this session, participants should be able to:

- Describe the forms and mental health implications of racism against Asian American medical students, including microaggressions feelings of invisibility and isolation in medical school environments.
- Identify and evaluate strategies that medical schools and healthcare institutions can implement to support Asian American students, promote diversity and inclusion, and foster allyship and advocacy.
- Examine the current institutional responses to racism and ways to improve these responses, while placing the experiences of Asian American medical students in the broader context of societal issues such as the COVID-19 pandemic and the rise in anti-Asian sentiment.

**Joint Accreditation Statement:**

In support of improving patient care, Northwell Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
